COMMENTS:

I object to this application on the following grounds:

1. It would have an effect on the residential amenity of neighbours by reason of noise.
2. It is an unacceptably high density and over-development of the site. It involves a great loss of rural land.
3. The large density of houses would have a detrimental effect on the character of the neighbourhood
4. The proposed development is over-bearing, out-of-scale or out of character in terms of its appearance compared with existing development in the vicinity
5. The loss of existing views from neighbouring properties would adversely affect the residential amenity of neighbouring owners
6. Objection on the grounds that its a Conservation Area. This plan has an adverse effect of the development on the character and appearance of the Conservation Area.
7. The development would adversely affect highway safety and the convenience of cyclists and other road users. The adjacent Rampton Road already suffers overbearing traffic particularly during rush hours.
