For The Attention of Julie Ayre

Dear Sirs

RE Planning Application S/2413/17/OL Land off Rampton Cottenham Road

Thank you for giving me the opportunity to comment on the above application my comments are as follows:

1. I have reviewed the drawings and am pleased that the roundabout is to be altered. The new roundabout will improve highway safety by increasing traffic flow whilst reducing the speed of cars entering the roundabout.

2. The loss of space in front of the Almshouses will have minimal impact as it is never used and the Almshouses are already road facing. The occupants of these houses always use their back doors to access and exit their properties.

3. In my time in the village (many years) this junction has been altered many times and they should have done it properly the last time.

4. The scheme that the roundabout serves will provide 70 sheltered modern homes for elderly people that will be great for local villagers who want to stay in the village and this will outweigh any perceived harm to two of the residents of these dated properties.

5. The scheme that the roundabout serves will provide low cost affordable housing that is badly needed in the village.

I therefore wholly support this application and the roundabout alterations.

Yours sincerely,

[Redacted]

Peter Gooden
