Gladman Developments,
Gladman Developments Ltd
Gladman House
Alexandria Way
Congleton
CW12 1LB

The Council hereby grants permission for Outline application for the erection of up to 200 residential dwellings (including up to 40% affordable housing) and up to 70 apartments with care (C2), demolition of no.117 Rampton Road, introduction of structural planting and landscaping, informal public open space and children's play area, surface water flood mitigation and attenuation, vehicular access points from Rampton Road and associated ancillary works. All matters reserved with the exception of the main site accesses.

At: Land off Rampton Road, Cottenham
For: Gladman Developments, Gladman Developments Ltd

In accordance with your application dated 10 July 2017 and the plans, drawings and documents which form part of the application, subject to conditions set out below.

1. Approval of the details of the means of access to the site, layout of the site, the scale and appearance of buildings and landscaping (hereinafter called "the reserved matters") shall be obtained from the Local Planning Authority in writing before any development is commenced.
   (Reason - The application is in outline only.)

2. Application for the approval of the reserved matters shall be made to the Local Planning Authority before the expiration of two years from the date of this permission.
   (Reason - The application is in outline only.)

3. The development hereby permitted shall begin not later than the expiration of two years from the date of approval of the last of the reserved matters to be approved.
   (Reason - The application is in outline only.)

4. The development hereby permitted shall be carried out in accordance with the following approved plans: Drawing number 4364-004, 1434/01 Revision C, 1434/16 Revision A, 1434/19 Revision B and 1434/20 Revision B.
   (Reason - To facilitate any future application to the Local Planning Authority under Section 73 of the Town and Country Planning Act 1990.)

5. The indicative masterplan is specifically excluded from this consent.
   (Reason - The application is in outline only.)

6. The development shall not be occupied until a Travel Plan for each use on the site has been submitted to and approved in writing by the Local Planning Authority. The Plan shall be implemented in accordance with the approved details.
(Reason - To reduce car dependency and to promote alternative modes of travel in accordance with Policy TR/3 of the adopted Local Development Framework 2007.)

7. No demolition or construction works shall commence on site until a traffic management plan has been submitted to and agreed in writing by the Local Planning Authority in consultation with the Highway Authority. The development shall be carried out in accordance with the approved details. The principle areas of concern that should be addressed are:
   i. Movements and control of muck away lorries (all loading and unloading should be undertaken off the adopted public highway)
   ii. Contractor parking, for both phases all such parking should be within the curtilage of the site and not on street.
   iii. Movements and control of all deliveries (all loading and unloading should be undertaken off the adopted public highway)
   iv. Control of dust, mud and debris, please note it is an offence under the Highways Act 1980 to deposit mud or debris onto the adopted public highway.
(Reason - In the interests of highway safety in accordance with Policy DP/3 of the adopted Local Development Framework 2007.)

8. No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority a plan indicating the positions, design, materials and type of boundary treatment to be erected. The boundary treatment shall be completed before the development is occupied in accordance with the approved details and shall thereafter be retained.
(Reason - To ensure that the appearance of the site does not detract from the character of the area in accordance with Policy DP/2 of the adopted Local Development Framework 2007.)

9. The hard and soft landscape works shall include indications of all existing trees and hedgerows on the land and details of any to be retained, together with measures for their protection in the course of development. The details shall also include specification of all proposed trees, hedges and shrub planting, which shall include details of species, density and size of stock.
(Reason - To ensure the development is satisfactorily assimilated into the area and enhances biodiversity in accordance with Policies DP/2 and NE/6 of the adopted Local Development Framework 2007.)

10. All hard and soft landscape works shall be carried out in accordance with the approved details. The works along the north western and south western boundaries shall be carried out prior to the commencement of construction of the dwellings. The remainder of the landscape works shall be carried out prior to the occupation of any part of the development or in accordance with a programme agreed in writing with the Local Planning Authority. If within a period of five years from the date of the planting, or replacement planting, any tree or plant is removed, uprooted or destroyed or dies, another tree or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
(Reason - To ensure the development is satisfactorily assimilated into the area and enhances biodiversity in accordance with Policies DP/2 and NE/6 of the adopted Local Development Framework 2007.)

11. In this condition "retained tree" means an existing tree which is to be retained in accordance with the approved plans and particulars; and paragraphs (a) and (b) below shall have effect until the expiration of 5 years from the date of the first occupation of the dwellings hereby approved.
i) No retained tree shall be cut down, uprooted or destroyed, nor shall any retained tree be topped or lopped other than in accordance with the approved plans and particulars, without the written approval of the Local Planning Authority. Any topping or lopping approved shall be carried out in accordance with the relevant British Standard.

ii) If any retained tree is removed, uprooted or destroyed or dies, another tree shall be planted at the same place and that tree shall be of such size and species, and shall be planted at such time, as may be specified in writing by the Local Planning Authority.

iii) The erection of fencing for the protection of any retained tree shall be undertaken in accordance with the approved plans and particulars before any equipment, machinery or materials are brought on to the site for the purposes of the development, and shall be maintained until all equipment, machinery and surplus materials have been removed from the site. Nothing shall be stored or placed in any area fenced in accordance with this condition and the ground levels within those areas shall not be altered, nor shall any excavation be made, without the written consent of the Local Planning Authority.

(Reason - To protect trees which are to be retained in order to enhance the development, biodiversity and the visual amenities of the area in accordance with Policies DP/1 and NE/6 of the adopted Local Development Framework 2007.)

12. No development shall commence until an updated protected species mitigation strategy has been submitted to and agreed by the Local Planning Authority. In particular, this shall include update surveys for barn owl and badger and details of avoidance, mitigation and compensation measures for protected species. This shall also include a plan showing mitigation measures, including the location of compensatory bat roosting provision.

(Reason - To minimise disturbance, harm or potential impact on protected species in accordance with Policies DP/1, DP/3 and NE/6 of the adopted Local Development Framework 2007 and the Wildlife and Countryside Act 1981 (as amended) and the Protection of Badgers Act 1992.)

13. No development shall commence until a specification for external illumination at the site shall be submitted to and approved in writing by the Local Planning Authority. This shall include consideration of sensitive design to retain habitat for protected species such as bats and barn owl. No means of external illumination shall be installed other than in accordance with the approved details and shall not be varied without permission in writing from the Local Planning Authority.

(Reason - To protect wildlife habitat in accordance with the Conservation of Habitats and Species Regulations 2010, the Wildlife and Countryside Act 1981 (as amended), the NPPF and Policy NE/6 of the adopted Local Development Framework 2007.)

14. No development shall commence until a detailed scheme for ecological enhancement has been submitted to and approved in writing by the Local Planning Authority. This shall include specifications and a site plan detailing native planting including hedgerows, wildlife habitat within and adjacent to the balancing pond, in-built features for nesting birds and roosting bats and measures to maintain connectivity for species such as hedgehog. The measures shall be implemented in accordance with the agreed scheme.

(Reason - To provide habitat for wildlife and enhance the site for biodiversity in accordance with the NPPF, the NERC Act 2006 and Policy NE/6 of the adopted Local Development Framework 2007.)

15. No development shall take place until a written scheme of investigation (WSI) has been submitted to and approved by the local planning authority in writing. For land that is included within the WSI, no development shall take place other than in accordance with the agreed WSI, which shall include the statement of significance and research objectives; and:
i) The programme and methodology of site investigation and recording and the nomination of a competent person(s) or organisation to undertake the agreed works
ii) The programme for post-investigation assessment and subsequent analysis, publication & dissemination and deposition of resulting material.

Developers will wish to ensure that in drawing up their development programme, the timetable for the investigation is included within the details of the agreed scheme.

(Right - To secure the provision of archaeological excavation and the subsequent recording of the remains in accordance with Policy CH/2 of the adopted Local Development Framework 2007.)

16. No development shall begin until a surface water drainage scheme for the site, based on sustainable drainage principles, has been submitted to and approved in writing by the Local Planning Authority. The scheme shall subsequently be implemented in accordance with the approved details before development is completed. The scheme shall be based upon the principles within the agreed Flood Risk Assessment (FRA) prepared by Enzygo (ref: SHF.1132.024.HY.R.001.G dated August 2016 and shall also include:

i) Full calculations detailing the existing surface water runoff rates for the QBAR, Q30 and Q100 storm events
ii) Full results of the proposed drainage system modelling in the above-referenced storm events (as well as Q100 plus climate change), inclusive of all collection, conveyance, storage, flow control and disposal elements and including an allowance for urban creep, together with an assessment of system performance;
iii) Detailed drawings of the entire proposed surface water drainage system, including levels, gradients, dimensions and pipe reference numbers
iv) Full details of the proposed attenuation and flow control measures;
v) Site Investigation and test results to confirm infiltration rates;
vi) Details of overland flood flow routes in the event of system exceedance, with demonstration that such flows can be appropriately managed on site without increasing flood risk to occupants;

vii) Full details of the maintenance/adoption of the surface water drainage system; and,
viii) Measures taken to prevent pollution of the receiving groundwater and/or surface water.

The drainage scheme must adhere to the hierarchy of drainage options as outlined in the NPPF PPG.

(Right - To ensure a satisfactory method of surface water drainage and to prevent the increased risk of flooding in accordance with Policies DP/1 and NE/11 of the adopted Local Development Framework 2007.)

17. Prior to the commencement of any development, a scheme for the provision and implementation of foul water drainage shall be submitted to and approved in writing by the Local Planning Authority. The scheme shall be constructed and completed in accordance with the approved plans prior to the occupation of any part of the development or in accordance with the implementation programme agreed in writing with the Local Planning Authority.

(Right - To reduce the risk of pollution to the water environment and to ensure a satisfactory method of foul water drainage in accordance with Policy NE/10 of the adopted Local Development Framework 2007.)

18. Prior to the commencement of any development, a scheme for the provision and implementation of pollution control of the water environment, which shall include foul and surface water drainage,
shall be submitted and agreed in writing with the Local Authority. The works/scheme shall be constructed and completed in accordance with the approved plans. (Reason - To reduce the risk of pollution to the water environment in accordance with Policy DP/1 of the adopted Local Development Framework 2007.)

19. No development approved by this permission shall be commenced, unless otherwise agreed, until:
   i) The application site has been subject to a detailed scheme for the investigation and recording of contamination and remediation objectives have been determined through risk assessment and agreed in writing by the Local Planning Authority.
   ii) Detailed proposals for the removal, containment or otherwise rendering harmless any contamination (a Remediation method statement) have been submitted to and approved in writing by the Local Planning Authority.
   iii) The works specified in the remediation method statement have been completed, and a Verification report submitted to and approved in writing by the Local Planning Authority, in accordance with the approved scheme.
   iv) If, during remediation works, any contamination is identified that has not been considered in the remediation method statement, then remediation proposals for this material should be agreed in writing by the Local Planning Authority. (Reason – To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with Policy DP/1 of the adopted Local Development Framework 2007.)

20. No site or plant machinery shall be operated, no noisy works shall be carried out and no construction related deliveries shall be taken or dispatched from the site except between 0800 hours and 1800 hours Mondays to Fridays and between 0800 hours and 1300 hours on Saturdays, and not at any time on Sundays and Bank Holidays. (Reason - To minimise noise disturbance for adjoining residents in accordance with Policy NE/15 of the adopted Local Development Framework 2007.)

21. No development shall commence until a construction noise impact assessment and a report / method statement detailing predicted construction noise and vibration levels at noise sensitive premises and consideration of mitigation measures to be taken to protect local residents from construction noise and or vibration has been submitted to and approved in writing by the Local Planning Authority. Potential construction noise and vibration levels at the nearest noise sensitive locations shall be predicted in accordance with the provisions of BS5228:2009+A1:2014: ‘Code of practice for noise and vibration control on construction and open sites – Part 1: Noise and Part 2: Vibration. Development shall be carried out in accordance with the approved details. (Reason – All to ensure the environmental impact of the construction of the development is adequately mitigated and to protect the amenities of nearby residential properties in accordance with South Cambridgeshire Local Development Framework Development Control Policies 2007, Policy NE/15- Noise Pollution & DP/6- Construction Methods.)

22. No development shall commence until a programme of measures to minimise the spread of airborne dust (including the consideration of wheel washing and dust suppression provisions) from the site during the construction period or relevant phase of development has been submitted to and approved in writing by the Local Planning Authority. Works shall be undertaken in accordance with
the approved details / scheme unless the local planning authority approves the variation of any detail in advance and in writing.
(Reason – To protect the amenities of nearby residential properties in accordance with South Cambridgeshire Local Development Framework Development Control Policies 2007, Policy NE/15-Noise Pollution, NE/16- Emissions & DP/6- Construction Methods.)

23. No development (including any pre-construction, demolition or enabling works) shall take place until a comprehensive construction programme identifying each phase of the development and confirming construction activities to be undertaken in each phase and a timetable for their execution submitted to and approved in writing by the Local Planning Authority in writing. The development shall subsequently be implemented in accordance with the approved programme unless any variation has first been agreed in writing by the Local Planning Authority.
(Reason – To protect the amenities of nearby residential properties in accordance with South Cambridgeshire Local Development Framework Development Control Policies 2007, Policy NE/15-Noise Pollution, NE/16- Emissions & DP/6- Construction Methods.)

24. Prior to commencement of any residential development, a detailed noise mitigation / insulation scheme for the residential units, to protect future occupants internally and externally from Rampton Road traffic noise, shall be submitted to and approved in writing by the Local Planning Authority. The detailed noise attenuation / insulation scheme shall:
   i) Have regard to the noise mitigation principles and recommendations detailed in the submitted Wardell Armstrong LLP noise report titled “GLADMAN DEVELOPMENTS LTD, Land off Rampton Road, Cottenham, Noise Impact Assessment, July 2015”.
   ii) Shall demonstrate that the internal and external noise levels recommended in British Standard 8233: 2014 “Guidance on sound insulation and noise reduction for buildings” will be achieved. With regard to internal noise levels the scheme shall have regard to the noise insulation of the composite building fabric, glazing areas, including the provision of sound attenuated alternative mechanical ventilation systems / acoustically attenuated free areas (or similar) to facilitate rapid / purging ventilation and thermal comfort / summer cooling requirements if the recommended indoor ambient noise levels in BS 8233 cannot be achieved with a partially open external window (assuming a -13dB(A) external to internal reduction for a partially open window). The Rampton Road traffic noise attenuation / insulation scheme as approved shall be fully implemented prior to occupation and shall be retained thereafter and not altered without prior approval.
(Reason - To ensure that sufficient noise attenuation / mitigation is provided to all residential properties to protect future occupants externally and internally from the impact of Rampton Road traffic noise and safeguard the health, amenity and quality of life of future residents in accordance with paragraphs 109, 123 of the National Planning Policy Framework March 2012 and Policy NE/15-Noise Pollution of the adopted LDF 2007.)

25. Prior to commencement of the care home as approved, an operational noise impact assessment and a scheme of noise insulation or other noise mitigation measures as necessary for any building(s) and or plant / equipment associated with the care home, in order to minimise the level of noise emanating from the said building(s) / uses and plant / equipment, shall be submitted to and approved in writing by the local planning authority. The approved scheme of noise insulation / mitigation as appropriate shall be fully implemented before the relevant building(s) or plant / equipment are used or the uses commence and shall thereafter be maintained in accordance with the approved details.
26. No commercial related ancillary dispatches / collections from or deliveries to the care home including refuse collections shall take place, other than between the hours of 08.00 to 21.00 hours Monday to Saturday unless agreed in writing with the local planning authority. No collections / deliveries shall take place on Sundays, Bank or Public Holidays unless otherwise agreed in writing by the Local Planning Authority.

(Reason - To minimise noise disturbance for adjoining residents in accordance with Policy NE/15 of the adopted Local Development Framework 2007.)

27. Within any reserved matters application for the care home or similar, a scheme for and details of equipment for the purpose of extraction and/or filtration and/or abatement of fumes and or odours, shall be submitted to and approved in writing by the local planning authority. The approved extraction/filtration/abatement scheme shall be installed before the use is commenced and shall be retained thereafter. Any approved scheme / system shall not be altered without prior approval. Any approved fume filtration/extraction system installed shall be regularly maintained and serviced in accordance with manufacturer’s specification to ensure its continued satisfactory operation to the satisfaction of the Local Planning Authority.

(Reason - To protect the amenity of nearby residential premises in accordance with National Planning Policy Framework (NPPF) paragraphs 120 and policy DP/3 Development Criteria and policy NE/16 Emissions of the adopted Local Development Framework 2007.)

28. Prior to the commencement of the development, an artificial lighting scheme, to include details of any external lighting of the site such as street lighting, floodlighting, security / residential lighting and an assessment of impact on any sensitive residential premises on and off site, shall be submitted to and approved in writing by, the Local Planning Authority. The scheme shall include layout plans / elevations with luminaire locations annotated, full isolux contour map / diagrams showing the predicted illuminance in the horizontal and vertical plane (in lux) at critical locations within the site and on the boundary of the site and at future adjacent properties, including consideration of Glare (direct source luminance / luminous intensity in the direction and height of any sensitive residential receiver) as appropriate, hours and frequency of use, a schedule of equipment in the lighting design (luminaire type / profiles, mounting height, aiming angles / orientation, angle of glare, operational controls) and shall assess artificial light impact in accordance with the Institute of Lighting Professionals “Guidance Notes for the Reduction of Obtrusive Light GN01:2011” including resultant sky glow, light intrusion / trespass, source glare / luminaire intensity and building luminance.

The approved lighting scheme shall be installed, maintained and operated in accordance with the approved details / measures unless the Local Planning Authority gives its written consent to any variation.

(Reason - To protect local residents from light pollution / nuisance and protect / safeguard the amenities of nearby residential properties in accordance with NE/14- Lighting Proposals.)

29. Unless otherwise agreed in writing by the Local Planning Authority, any reserved matters application pursuant to this outline approval shall be accompanied by a Waste Management & Minimisation and Refuse Strategy (WMMFS), including the completed RECAP Waste Management Design Guide Toolkit and supporting reference material, addressing the management of municipal waste generation during the occupation stage of the development. No development shall take place
until the strategy has been approved in writing by the Local Planning Authority and thereafter implemented in accordance with the approved details unless otherwise approved in writing by the Local Planning Authority and thereafter.

The Waste Management & Minimisation Strategy (WMMS) must demonstrate how waste will be managed in accordance with the requirements of the RECAP Waste Management Design Guide Supplementary Planning Supplementary Planning Document 2012 (or as superseded) and the principles of the waste hierarchy, thereby maximising waste prevention, re-use and recycling from domestic households and contributing to sustainable development. The WMMS should include as a minimum:

i) A completed RECAP Waste Management Design Guide Toolkit and supporting reference material
ii) A detailed Waste Audit to include anticipated waste type, source, volume, weight etc. of municipal waste generation during the occupation stage of the development
iii) Proposals for the management of municipal waste generated during the occupation stage of the development, to include the design and provision of permanent facilities e.g. internal and external segregation and storage of recyclables, non-recyclables and compostable materials; access to storage and collection points by users and waste collection vehicles
iv) Highway vehicle tracking assessment and street widths / dimensions
v) Arrangements for the provision, on-site storage, delivery and installation of waste containers prior to occupation of any dwelling
vi) Arrangements for the efficient and effective integration of proposals into waste and recycling collection services provided by the Waste Collection Authority
vii) A timetable for implementing all proposals
viii) Provision for monitoring the implementation of all proposals

The approved facilities shall be provided prior to the occupation of any building and shall be retained thereafter unless alternative arrangements are agreed in writing by the local planning authority.

(Reason - To ensure that waste is managed sustainably during the occupation of the development in accordance with objectives of Policy P1/3 of the Cambridgeshire and Peterborough Structure Plan (2003).)

30. No development shall commence until a renewable energy statement has been submitted to and approved in writing by the Local planning Authority. The development shall be carried out in accordance with the approved details and thereafter retained.
(Reason - To ensure an energy efficient and sustainable development in accordance with Policies NE/3 of the adopted Local Development Framework 2007.)

31. No development shall commence until a water conservation strategy has been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details and thereafter retained.
(Reason - To ensure a water efficient and sustainable development in accordance with Policies NE/12 of the adopted Local Development Framework 2007.)

32. No development shall take place until a scheme for the provision and location of fire hydrants to serve the development to a standard recommended by the Cambridgeshire Fire and Rescue Service has been submitted to and approved in writing by the Local Planning Authority. The development shall not be occupied until the approved scheme has been implemented.
(Reason - To ensure an adequate water supply is available for emergency use.)
33. As part of any reserved matter application details of the housing mix (including both market and affordable housing) shall be provided in accordance with local planning policy or demonstration that the housing mix meets local need shall be submitted to and approved in writing by the Local Planning Authority. Development shall commence in accordance with the approved details (Reason: To ensure an appropriate level of housing mix, both market and affordable housing in accordance with policies H/8 and H/9 of the South Cambridgeshire Local Plan Submission March 2014.)

34. The Rampton Road and Oakington Road roundabout improvements approved by this application shall be implemented prior to first occupation of any dwelling or in accordance with an implementation programme that has been agreed in writing by the Local Planning Authority. (Reason - In the interests of highway safety in accordance with Policy DP/3 of the adopted Local Development Framework 2007.)

35. No development shall take place until details of a scheme for the provision of a crossing facility (toucan) at a location on Rampton Road to be agreed with Cambridgeshire County Council has been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details prior to first occupation of any dwelling or in accordance with an implementation programme that has been agreed in writing by the Local Planning Authority. (Reason - In the interests of highway safety in accordance with Policy DP/3 of the adopted Local Development Framework 2007.)

36. No development shall take place until details of a scheme for the improvement of the pedestrian and cycle facilities on Rampton Road has been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details prior to first occupation of any dwelling or in accordance with an implementation programme that has been agreed in writing by the Local Planning Authority. (Reason - In the interests of highway safety in accordance with Policy DP/3 of the adopted Local Development Framework 2007.)

37. No development shall take place until details of a scheme for the widening of the footway to enable shared use by walking and cycling on the east side of the B1049 within the 30mph zone between the junctions of Dunstal Field and Appletree Close has been submitted to and approved in writing by the Local Planning Authority. The works shall include resurfacing and widening the path to 2.5 metres where possible within the public highway. Development shall be carried out in accordance with the approved details prior to first occupation of any dwelling or in accordance with an implementation programme that has been agreed in writing by the Local Planning Authority. (Reason - In the interests of highway safety in accordance with Policy DP/3 of the adopted Local Development Framework 2007.)

38. No development shall take place until details of a scheme for the provision of a bus shelter at the nearest bus stop on Lambs Lane has been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details prior to first occupation of any dwelling or in accordance with an implementation programme that has been agreed in writing by the Local Planning Authority. (Reason - To reduce car dependency and to promote alternative modes of travel in accordance with Policy TR/3 of the adopted Local Development Framework 2007.)
39. No development shall take place until details of a scheme for the provision of cycle stands in the Cottenham village has been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details prior to first occupation of any dwelling or in accordance with an implementation programme that has been agreed in writing by the Local Planning Authority.
(Reason - To reduce car dependency and to promote alternative modes of travel in accordance with Policy TR/3 of the adopted Local Development Framework 2007.)

40. A Design Code and parameter plan with densities, buildings heights and full landscape details shall be provided prior to the submission of any reserved matters application.
(Reason - To ensure that the appearance of the site does not detract from the character of the area in accordance with Policy DP/2 of the adopted Local Development Framework 2007.)

41. No development shall take place until details of the existing and proposed levels and contour information of any landform changes including the drainage basin has been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details.
(Reason - To ensure that the appearance of the site does not detract from the character of the area in accordance with Policy DP/2 of the adopted Local Development Framework 2007.)

42. No works or development shall be carried out until the local planning authority has approved in writing a site wide soft landscaping and tree planting scheme for the strategic landscaping elements of the development. The scheme shall include a management plan and specification for the care and maintenance of the approved soft landscaping scheme which shall include watering, nutrition, mulching, weed control, formative pruning, maintenance of supporting hardware and fittings.

Each Reserved Matters application shall include a soft landscaping and tree planting scheme, and five year management plan, that shall be in accordance with the approved site wide scheme and management plan.

The approved landscaping and tree planting scheme for each Reserved Matters application shall be completed within the first planting season (October to March) following first occupation of a dwelling on the relevant phase of development.

The approved soft landscaping management plan for each Reserved Matters application shall apply for a period of five years and shall come into effect and be implemented from the date of the planting of the approved soft landscaping scheme.
(Reason. To ensure adequate landscaping on site in accordance with the adopted Landscape in new developments SPD (2010). The condition is required prior to the commencement of works to ensure that strategic landscaping is satisfactorily incorporated in to the development.)

43. Prior to occupation of the dwellings details of an Electric Car Charging point, which is integrated into the landscaping plan shall be submitted to and approved in writing with the Local Planning Authority, that Electric charging point shall be installed in accordance with the approved documents prior to occupation of the 50th dwelling and maintained in perpetuity.
(Reason, To ensure sustainability of the development in accordance with Policy NE/1)
Informative

1. This permission is subject to two agreements under Section 106 of the Town and Country Planning Act 1990 (as amended) dated 9 August 2017

General

1. **Statement as to how the Local Planning Authority (LPA) has worked with the applicant in a positive and proactive manner on seeking solutions**

   The LPA positively encourages pre-application discussions. Details of this advice service can be found on the Planning pages of the Council’s website [www.scambs.gov.uk](http://www.scambs.gov.uk). If a proposed development requires revisions to make it acceptable the LPA will provide an opinion as to how this might be achieved. The LPA will work with the applicant to advise on what information is necessary for the submission of an application and what additional information might help to minimise the need for planning conditions. When an application is acceptable, but requires further details, conditions will be used to make a development acceptable. Joint Listed Building and Planning decisions will be issued together. Where applications are refused clear reasons for refusal will identify why a development is unacceptable and will help the applicant to determine whether and how the proposal might be revised to make it acceptable.

   In relation to this application, it was considered and the process managed in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

2. **Circular 04/2008 (Planning Related Fees) states that where an application is made under Article 21 of the Town and Country Planning (General Development Procedure) Order 1995 [now superseded by Article 30 of the Town and Country Planning (Development Management Procedure)(England) Order 2010], a fee will be payable for any consent, agreement or approval required by condition or limitation attached to the grant of planning permission (or reserved matter consent).**

   The fee is £97 per request or £28 where the permission relates to an extension or alteration to a dwellinghouse or other development in the curtilage of a dwellinghouse. The request can be informal through the submission of a letter or plans, or formal through the completion of an application form and the submission of plans. Any number of conditions may be included on a single request. The form is available on the Council’s website [www.scambs.gov.uk](http://www.scambs.gov.uk) (application forms - 1app forms-application for the approval of details - pack 25.)

3. **It is important that all conditions, particularly pre-commencement conditions, are fully complied with, and where appropriate, discharged prior to the implementation of the development. Failure to discharge such conditions may invalidate the planning permission granted. The development must be carried out fully in accordance with the requirements of any details approved by condition.**
4. All new buildings that are to be used by the public must, where reasonable and practicable, be accessible to disabled persons and provide facilities for them. The applicant’s attention is therefore drawn to the requirements of Section 76 of the Town and Country Planning Act 1990 and the Building Regulations 2000 (as amended) with respect to access for disabled people.

5. In order to obtain an official postal address, any new buildings should be formally registered with South Cambridgeshire District Council. Unregistered addresses cannot be passed to Royal Mail for allocation of postcodes. Applicants can find additional information, a scale of charges and an application form at www.scambs.gov.uk/snn. Alternatively, applicants can contact the Address Management Team: call 08450 450 500 or email address.management@scambs.gov.uk. Please note new addresses cannot be assigned by the Council until the footings of any new buildings are in place.

6. The applicant’s attention is drawn to the requirements of the Party Wall etc. Act 1996 if works are proposed to a party wall.

7. If you wish to amend the permitted scheme, and you consider the revisions raise no material issues, you should make an application for a Non Material Amendment. If agreed, the development can go ahead in accordance with this amendment although the revised details will not replace the original plans and any conditions attached to the originally approved development will still apply. If, however, you or the Council consider the revisions raise material issues you may be able to make an application for a Minor Material Amendment. If approved, this will result in a new planning permission and new conditions as necessary may be applied. Details for both procedures are available on the Council’s website or on request.

8. If this development involves any works of a building or engineering nature, please note that before any such works are commenced it is the applicant's responsibility to ensure that, in addition to planning permission, any necessary consent under the Building Regulations is also obtained. Advice in respect of Buildings Regulations can be obtained from Building Control Services at South Cambridgeshire District Council. Their contact details are: tel. 03450 450 500 or building.control@scambs.gov.uk or via the website www.scambs.gov.uk.

9. A delegation report or committee report, setting out the basis of this decision, is available on the Council’s website.

TOWN AND COUNTRY PLANNING ACT 1990

PLANNING PERMISSION
SUBJECT TO CONDITIONS

Decision Date: 09 August 2017

Stephen Kelly
Joint Director for Planning and Economic Development for Cambridge and South Cambridgeshire

South Cambridgeshire Hall, Cambourne Business Park, Cambourne, Cambridge, CB23 6EA

THIS PERMISSION DOES NOT CONSTITUTE APPROVAL UNDER BUILDING REGULATIONS AND IS NOT A LISTED BUILDING CONSENT OR CONSERVATION AREA CONSENT. IT DOES NOT CONVEY ANY APPROVAL OR CONSENT WHICH MAY BE REQUIRED UNDER ANY ENACTMENT, BYE-LAW, ORDER OR REGULATION OTHER THAN SECTION 57 OF THE TOWN AND COUNTRY PLANNING ACT 1990.

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State for the Environment under Section 78 of the Town and Country Planning Act 1990.

If you want to appeal, then you must do so using a form which you can get from the Customer Support Unit, Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN.

Alternatively, an online appeals service is available through the Appeals area of the Planning Portal - see www.planningportal.gov.uk/pcs. The Planning Inspectorate will publish details of your appeal on the internet. This may include a copy of the original planning application form and relevant supporting documents supplied to the local authority, together with the completed appeal form and information you submit to the Planning Inspectorate. Please ensure that you only provide information you are happy will be made available to others in this way, including personal information belonging to you. If you supply personal information belonging to a third party please ensure you have their permission to do so. More detailed information about data protection and privacy matters is available on the Planning Portal.

Fully completed appeal forms must be received by the Planning Inspectorate within six months of the date of this decision notice except where the property is subject to an enforcement notice, where an appeal must be received within 28 days.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving the notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonable beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the District Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
IMPORTANT INFORMATION REGARDING CONDITIONS

If you have been granted Planning Permission and/or Listed Building Consent you may wish to get started immediately, however it is always important to carefully read the decision notice in full before any work begins.

The majority of Planning Permissions and Listed Building Consents have conditions attached. Some conditions request further information that requires approval by the Local Planning Authority before any development takes place (‘pre-commencement’). All conditions are set out on the decision notice.

Under Section 7 of the Planning (Listed Buildings and Conservation Areas) Act 1990, it is a criminal offence to carry out unauthorised works to a listed building. Under Section 9 of the Act, a person shall be guilty of an offence should they fail to comply with any condition attached to the consent.

HOW DO I DISCHARGE THE CONDITIONS

Please note that the process takes up to eight weeks from the date the Local Planning Authority receives a valid application. Therefore it important to plan ahead and allow plenty of time before work is due to commence.

You need to fill in a form to submit your request to discharge conditions, and accompany the relevant details/samples. You can download the necessary form by using the following link: https://www.scambs.gov.uk/content/apply-planning-permission. This form can be emailed directly to planning@scambs.gov.uk or submitted by post to South Cambridgeshire Hall, Cambourne Business Park, Cambourne, Cambridge, CB23 6EA.

Alternatively you can submit an application to discharge the conditions through the Government’s Planning Portal website: https://www.planningportal.co.uk/applications. Please note, The Planning Portal refers to it as ‘Approval of details reserved by a condition’.

When the required information has been submitted you will receive a reference and an acknowledgement letter. Once the Local Planning Authority is satisfied that the requirement of the condition have been met you will receive a formal notification that the conditions have been discharged.

FEES

£0 – for all Listed Building Consent ‘Discharge of Conditions’ applications;

£28 – for all householder ‘Discharge of Conditions’ applications;

£97 – for all other types ‘Discharge of Conditions’ applications.

Please contact your Case Officer with any queries.
