S/3566/17/FL - Land East of Fowlmere Road, Foxton

Howell
18
CB22 6SP

Comments

We object to the proposed grain store for the following reasons:
* this is green belt land close to a conservation area - the building would be extremely intrusive visually, located on a high ridge in an open landscape, even when screened by trees (which would take many years to be an effective barrier)
* the danger of large scale lorries passing through the adjacent villages with their narrow roads, also when making turns in/out of the site on the wrong side of the road which is well used by local traffic, cyclists and pedestrians.
* large scale lorries will cause further deterioration to the unedged road by their weight and when passing other vehicles.
* there is likely to be noise pollution due to the high position of the site.
