S/0791/18/FL - Land between Cody Road and railway, north of Waterbeach, Cambs

36 Pieces Terrace
Waterbeach
CB25 9NE

Comments

I object to the vehicular access to the proposed Station being taken down Cody Road. I use this route to access Little Stars Nursery with my 1 year old daughter on bike – it is already a busy and dangerous road without additional traffic from the proposed station development. The vehicular route to the new station should be taken directly from the A10 across the new town site.

As a regular station user, I am in favour of the station moving to the North of the village, and support the cycle improvements proposed for Bannold Drove and Way Lane, but object to the development on the basis of additional traffic being brought into the North of the village, through predominantly residential areas.
